

ENGLISH FOR CARE

DELIVERING OUTSTANDING CARE

ENGLISH LEVEL: A2 & B1
Elementary & Lower-intermediate

Communicating accurately and effectively is critical to the safety, care and wellbeing of patients.

This course teaches the English that care professionals and students need to communicate effectively in many patient scenarios, including patient admissions, activities of daily living, vital areas of care, looking after elderly patients, and working with mental health issues.

The course is designed for care professionals and students with an elementary and lower-intermediate (A2-B1) level of English who work or study in English.

The course is easy to use, enjoyable and, above all, practical.

“This course provides the perfect balance of language content and practice, in meaningful situations and after 15 years in the language training and recruitment sectors, I can safely say this is the best of its kind.”

Healthcare Recruitment Director, Spain

Course Content

Patient Admission

- Introducing yourself
- Checking patient information
- Patient confidentiality
- People and places in the hospital
- Taking patient observations
- Hospital chart: observation chart

Eating and Drinking

- Talking about meals

Inputs: during the course, learners listen to conversations, read medical texts and hospital charts, watch animated videos, look at work-related photographs and images, and study vocabulary, grammar and pronunciation focus points.

Exercises: learners take a wide range of exercises to help learn the language they need. The exercises concentrate on learning the English required in multiple professional scenarios.

Length: 60 hours, with each unit designed to take 6 hours to complete.

Progress Assessment: at the end of every unit, there is a progress review and test so participants can assess what they have learnt.

Course Accreditation: the course is accredited by the CPD Standards Office in the UK, whose professional qualifications are recognised worldwide.

End of Course Certificate: when learners finish the course, they receive a formal CPD Standards certificate, accepted internationally and across multiple professional sectors.

About the author: Virginia Allum is SLC's Head of Medical English and an internationally renowned medical English author, speaker and trainer.

White label the course

Add your logo, colours and imagery so your staff retain their connection with your organisation.

Customise the course for your staff

Course content can be rearranged, added to or removed so you have a course that matches your priorities and ensures your staff learn what is important to your organisation.

Integrated progress reporting

Track your students' progress with the integrated reporting tool whenever you want.
