## KEY FEATURES

---

- ✓ Courses are online to enable geographically dispersed learners to study together with expert tutors. All learners are given ongoing technical support where necessary
- ✓ Attendance, lesson notes, materials and learner progress are recorded on the online course management system. Course sponsors can login at any time.
- ✓ Teachers are all qualified, experienced ESOL and exam preparation experts.
- ✓ Courses can be tailored to specific needs, levels, durations and budgets. They have inbuilt flexibility to meet learners' needs as they evolve throughout a course.
- ✓ Small classes of up to 15 students to maximise engagement.
- ✓ Flexible schedules to match learner availability

Prices from £50 per hour for a group of up to 15 students

## WHAT OUR LEARNERS SAY

---

*"This course was a great learning experience. The material was relevant and well-organized, and the instructor was knowledgeable and supportive. I highly recommend this course to anyone interested in improving their skills. Thanks for such great courses and teachers and continued support."*

**Manizha, SLC OET Medicine student**

*"I highly recommend this course because it provides practical and tangible improvements in professional English. The focus on grammar, vocabulary, and clear communication is directly applicable to my daily work, making interactions with colleagues and clients more efficient and professional."*

**I Chin, SLC Business English and Communication Skills student**

*"Everything was organised so perfectly well. Great professionals, great organisation, comfortable online system. Andrea is a high level professional, I feel a honour to be so lucky to study English in her class."*

**Iryna, SLC IELTS student**

## WHAT OUR PARTNERS SAY

*“The EELGA Strategic Migration Partnership is delighted to have found SLC to deliver our IELTS and OET courses. We are also pleased that they will deliver our integration courses as these are vital to the integration journey of overseas nationals. SLC is professionally run and always keeps us updated on learner progress and attendance.”*

**Gill Searl, Employability for Overseas Nationals (EON) project manager, EELGA SMP**

*“A colleague from the Borough Council attended an SLC online course and said that of all the college ESOL and other courses that they have attended, the SLC class was the best they have ever been to. She could not give it high enough praise. The Local Authority lead also said the informal nature of the courses, with the different dates offered and 4 content types really was ideal for all the different client needs. I will second that to say that having much more open eligibility, free courses and simple registration really did mean they were very accessible, in addition to great teaching.”*

**Jenny Scott, Resettlement ESOL Coordinator, Hertfordshire Resettlement Team, the Refugee Council**
