

BE PART OF THE FUTURE OF COMMUNICATION TRAINING IN CARE

Help test a new AI tool built for carers

Specialist Language Courses (SLC) is developing an AI-powered communication training tool designed to help care staff handle real-life conversations with confidence, clarity and compassion.

We are now running our second Beta Test and inviting frontline carers and care staff to take part.

Test Period: March 30th – April 20th

Thank You Reward:
Certificate of Participation
+ £10 Amazon Voucher

What will you do?

- Try short, realistic care communication scenarios with the AI
- Explore all training units in the tool
- Tell us what works well – and what needs improving
- Help us make the tool practical, safe and useful for real care settings

Your feedback will directly shape a training tool designed to support better communication and better care.

Who can take part?

This test is only for care staff and carers working in:

- Residential care
- Home care
- Supported living
- Community care settings

No technical experience needed – just your real-world care knowledge.

Why take part?

- Improve your own communication skills
- Influence a tool designed specifically for the care sector
- Receive a certificate for CPD/portfolio use
- Get a £10 Amazon voucher as a thank you
